

The courses of freshmen (1st year students) are not automatically assigned. So you have to add all courses using OBS on your own.

Senior students have to take only the section 1 (Gr-5b 1) of IKT4000 Graduation Thesis.

Later, your advisor will be assigned based on your choice as possible. The choice petition form will be posted.

Check the announcements of our department homepage on a regular basis.

You can take any elective (under SEC1 category) courses listed on your OBS screen. For example, you may add Marketing, Introduction to Management Science etc.

Most of the SEC1 courses are offered by the departments of Management and Political Science and International Relations . Please check all available courses on the websites of the relevant departments.

Please check the classroom info on OBS after enrolling the courses.

	Senior's Courses (4)	Junior's Courses (3)	Vocational Electives (MES1) (Junior and Senior)	Sophomore's Courses (2)	Freshman's Courses (1)
